Subject: RE: Resource Request: ESF10 rep., to the RRCC in Oakland for night shift (9pm-9am) August 15-16, 2015.

Ok. We will go ahead and deploy Nick ASAP.

Lance, can you send me some information for Nick regarding travel. We will assume:

1. Fly to Oakland with rental car to Alameda (FEMA Region IX RRCC)
2. Find on our own local hotel nearest to FEMA RRCC
3. Assume 1 week deployment?

Anything else to add?

Calvin

Andy and Bruce are the only ones off the R9 list that we can tap if available. The others are already support the Typhoon or Gold King response in one way or another.

Calvin: I suggest you see who you can get here for Monday.

Subject: Resource Request: ESF10 rep., to the RRCC in Oakland for night shift (9pm-9am) August 15-16, 2015.

Importance: High

At this time we will need to fill the ESF10 rep position for this evening (9pm-9am) in Oakland on Tropical Storm Goni. (Attached is the ESF10 rep list).

I will continue to fill the day shift moving forward. This evening I should learn if we will need to continue staffing an ESF10 rep for the night shift - Sunday.

My understanding is that R10 can provide staffing for ESF10 as early as tomorrow afternoon/evening if needed, and if we turn the resource on today. Additionally, note that ESF5 (USCG – Freddie Bizzell/Gus Banyon) are staffing the RRCC and could provide some ESF10 support on an adhoc basis if needed.

Thanks

Lance Richman
